## REMARKS

Claims 1-4, 6-12 and 14-22 are pending and rejected in the present application. Claim 19 is amended hereby.

Responsive to the rejection of claims 8, 9, 19, 21 and 22 under 35 U.S.C. 112, second paragraph, Applicants have amended claim 19 to correct typographical errors and submit that claim 19 is now in allowable form. The amendment to claim 19 has been made to comply with requirements of form and to place the application in better form for consideration on appeal. Applicants respectfully submit that the current amendment to claim 19 merely broadens the scope of the claim, to the extent that the scope of the claim is changed at all, and thus the Examiner's rejection of claim 19 under U.S.C. 103(a) as being unpatentable over Galanes (2003/0130854) remains applicable. Accordingly, entry of the present amendment is respectfully requested.

## CONCLUSION

Applicants believe, in view of the amendments and remarks herein, that the pending claims are now in better condition for appeal.

In the event any issue(s) remain that could be resolved by telephone, the undersigned invites the Examiner to contact him to expedite the examination of this application. Thank you.

Respectfully submitted,

/Keith J. Swedo/ *January 22, 2008*
